We make no bones of acknowledging that a Reign of Terror and a Reign of Teddy mean the same in our vocabulary.

In Virginia the other day a woman scalded a man to death with a pot of hot coffee, because he insulted her. How many ways has a woman got to take the hide off a man?

Judge Parker continues to plunge every morning into the depths of the Hudson. Roosevelt may as well "shuck off" for a plunge into the depths of woe after the 8th of next November.

—Says the Chicago *News*: "When a couple gets married she bestows her hand and he puts his foot in it." If the girl's hand is a full hand the fellow is not likely to get cold feet and gump the game.

The latest English fad is to discontinue the custom of opening letters at the breakfast table, as they contain germs that might get mixed with the food. This will now afford us an excuse to even reject the food for reflection contained in some of our letters.

We are glad to see that Col. R. P. Chew will probably be nominated for Congress by the Democratic convention, which meets at Grafton, Va., August 2. He is a good man and is able to Chew the rag with any old pot licker politician that the Republicans trot out.

Col. Wm. Jennings Bryan's *Commoner*, under date of July 22nd, was received by the STAR yesterday His reorganization plan for 1908 is headed "Democracy Must Move Forward." It surely is moving. Fall in line, Colonel, and catch up with the procession.

On Wednesday a Connecticut man was sent to jail for six months and fined $100 for flogging his wife with a three stranded whip. His excuse for whipping her was that she let his house get full of flies. It's a wonder he had not accused her of being a little fly herself.

President Roosevelt's gasbag is ominously out of commission these days. Probably his friends have induced him to hitch it up for fear he would put his foot in it. It requires stoic courage to curb a passionate fondness like Roosevelt has for posing and being heard. If the restraint is self-imposed, we announce right here that we are committed to Teddy for a good slice of the Carnegie hero fund.

LOCAL DOTS.

—The STAR is requested to state that the news agency of the late Chas. E. Gordon will be open for the distribution of papers to-day as usual.

—A big picnic was given yesterday at Hampstead, Pender county. Parties who came through the place on the train reported an immense crowd in attendance.

—Mr. Henry Kuhl, Jr., died at 1:35 A. M. to-day at his home at Eighth and Bladen streets. The funeral will be conducted from the late residence Monday at 10 A. M.

—Cameron, McColman & McColman will bring in an excursion from Gibson and intermediate points on the Atlantic Coast Line next Wednesday —the day of the dispensary election.

—License was issued yesterday for the marriage of Miss Lela D. Wheeler, daughter of Mr. G. H. Wheeler, of Wilmington, and Mr. James D. Clark, son of Mr. and Mrs. C. H. Clark, of Delgado.

—Mary Barnhill, colored, and Nathan Jenkins, also colored, engaged in an affray in the alley opposite the market house yesterday morning and were not too late for the police court at noon. The Barnhill woman was given 30 days in jail on her past record and Jenkins paid $5 and costs.

—William Armstrong, the negro in jail charged with the larceny, at different times, of two other bicycles, was given preliminary trial again in the Mayor's court yesterday for stealing a third wheel belonging to a son of Mr. E. G. Polley. Armstrong had another $50 added to his bond and went back to jail.

—Friends of Mr. and Mrs. W. W. Wright, who live about a mile east of Wilmington, will sympathize with them in the death of their infant daughter, Nellie Maybelle, which occurred Friday. The funeral was conducted from the residence yesterday and the interment was in the family burying ground.

—The two men who engaged in an affray at the speaking Friday night, submitted in the police court yesterday at noon and were each fined $5 and costs. One of the two—a saloon man—slapped the other in the face because he was drinking and dared to speak to some ladies whom he did not know and who were listening to Col. Waddell's address.

WITH MASONIC HONORS.

Remains of Late Chas. E. Gordon Laid to Rest Yesterday Afternoon.

Impressive funeral services over the remains of the late Charles Edward Gordon were held yesterday afternoon at 5 o'clock from the late residence, No. 408 Walnut street, the Rev. A. McCullen, pastor of Fifth Street M. E. Church, officiating. A large number of friends were in attendance, including Wilmington Lodge of Masons, which attended in a body with a number of visiting members of the order, and a detachment of Wilmington Division Naval Reserves, in command of Lieut. H. M. Chase and Ensign S. K. Devaney, Mr. Gordon having been a popular member of the company. The armory of the Reserves was draped in mourning yesterday out of respect to the deceased comrade.

The interment was in Oakdale cemetery, with Masonic honors, Worshipful Master W. B. McKoy leading the impressive ceremonies. The floral tributes were very pretty. The pallbearers were Messrs. Martin O'Brien, Jos. C. Shepard, Arthur L. Dosher, Thomas Torpy, Ben. T. Murphy and James Allen.

Left for Atlanta.

Mr. R. L. Butt, one of the popular rate clerks for the past two years in the traffic department of the Atlantic Coast Line in this city, left yesterday afternoon for Atlanta, where he takes a more lucrative and responsible position with the Southern Railway in its traffic department there. Mr. Butt is a popular and enthusiastic member of the Wilmington Light Infantry; a gentleman of engaging personality and a rate man par excellence. His numerous friends regret very much his departure from the city and wish him unbounded success in his new field.

Two Highwaymen Arrested.

Frank Andrews and H. Blocker, the latter an old offender, were arrested last night by Policemen E. R. Chadwick and E. J. Grimsley on a charge of highway robbery. It is alleged that while an excursionist was on his way to the Carolina Central depot about 7:15 o'clock last night in order to catch his train at 8:30 o'clock, he was held up by the negroes and robbed. The officers have pretty good evidence against the negroes, the nature of which was not given out last night.

Real Estate Transfers.

By deeds filed for record yesterday Archie S. King and wife transferred to Margaret C. Haar, for $700, property on south side of Dawson, 41 feet east of Eighth street, 41x66 feet in size, and S. W. Skinner transferred to B. G. Worth, for $1 and other considerations, tract of land in Cape Fear township, known as "Swannsfield."

Rounding Up of a Bitter Campaign for the Dispensary in Wilmington.

THE SPEAKING LAST NIGHT.

Mr. Meares' Address Full of Personalities and Biting to the Core—Announcements for This Week—Progress of the Challenges—Notes.

With only three more days to elapse before the election on the dispensary issue in Wilmington next Wednesday, both sides are claiming victory and are apparently confident of winning. The anti-dispensary people are satisfied that the speeches of Col. A. M. Waddell and Mr. Eugene S. Martin on Friday night from the portico of the Academy of Music gave their side a considerable boost and they say the two speeches yet to be made by Col. Waddell in First and Fifth wards will be equally as effective as that at the opening rally. On the other hand the dispensary people say that the reply of Mr. Meares in the Court House last night did much to counteract the effect of Col. Waddell's address and that a number of silent agencies are at work in their favor. They make no secret of their expectation that a large body of the registered voters, who would ordinarily be against them, will not vote at all on the day of the election and that the same will be greatly in their favor.

The dispensary people yesterday made much ado over Col. Waddell's declination of a challenge to divide time with Iredell Meares, Esq., at the two meetings already arranged by the anti-dispensary people for Monday and Tuesday night in the First and Fifth wards. The challenge came from Chairman R. G. Grady, of the Anti-Saloon Campaign Committee, and briefly recited that he had also arranged for Mr. Meares to speak at Fifth and Castle streets Monday night and at Fourth and Harnett on Tuesday night. Mr. Grady suggested that both sides have a joint discussion at those places upon an equal division of time, one to have the last speech at one place and the other to have the last at the next.

Col. Waddell very courteously replied stating that he would decline for the very plain reason that the dispensary people had occupied all the speaking places for their purposes ever since the campaign opened and that he did not intend to divide time with anybody on the only two evenings now left. Soon after the receipt of Col. Waddell's polite declination, the dispensary managers rigged up a baggage wagon with a large canvas device, proclaiming that Col. Waddell had refused to divide time and asking everybody to come to the Court House at night and hear Mr. Meares' reply to Col. Waddell's speech of Friday night. Two negroes drove the wagon all over the city while a third sat under the canvas and rang a large bell attracting attention. The wagon and its paraphernalia with the doleful-sounding bell, attracted wide attention and was kept constantly on the go until rain forced it to cover late in the evening.

The Speech of Mr. Meares

The address of Mr. Meares last night is spoken of as one of the bitterest ever heard in Wilmington. It has set the town to talking. The major portion of the one hour and a half of the speaker's remarks was devoted to a terrible arraignment of Col. Waddell, personally and politically. Mr. Meares justified himself in making the attack by saying that Col. Waddell had first attacked him, indirectly if not directly, in his speech Friday night. Mr. Meares was introduced by Mr. H. W. Malloy, who expressed a hope that no personalities would be injected into the campaign. But it soon developed that Mr. Malloy was not a true sponsor for him who was to follow. Mr. Meares is reported to have charged that Col. Waddell was the paid servant of the Liquor Dealers' Association and that he was the first and only attorney he had heard of in North Carolina who would lend himself to their cause. The court room was jammed and packed with people, between 50 and 100 ladies having been in the audience. Some of the number were friends of Col. Waddell and some were not, judging from the applause they gave the invective which was hurled at him. There were many friends of Mr. Meares who expressed themselves after the meeting as doubtful of the wisdom and prudence of the course pursued by him. A great many said the speech was calculated to do injury to the cause which it was designed to help, while others commended it as a vigorous expression of a vigorous man. Be that as it may, the speech will be the one topic of conversation on the streets for several days to come.

Hearing of Challenges.

Only in the Fifth ward were challenges heard yesterday, the list having been practically completed with the understanding that if challenged voters who failed to appear when summoned, make their appearance on election day and show cause why they were wrongfully challenged, they will be permitted to vote. There were only a few appearances yesterday. Thus far 117 persons challenged by the dispensary people have appeared, but the challenges have been sustained in only nine cases. Of the eight men challenged in the ward by the anti-dispensary people, only two have appeared and neither of those challenges was sustained. All told there were 240 voters challenged in the Fifth. Attorneys for the anti-dispensary advocates lodged a motion yesterday with the registrar and judges of election that all voters challenged in that ward by a person not qualified himself as an elector, be not considered. To-morrow at noon the motion will be considered and attorneys on both sides will be heard. The anti-dispensary people claim that a large majority of the challenges by the dispensary managers in that ward were made by a non-elector himself. Hearing of challenges in the Second and Third wards will also take place to-morrow.

Rounding Out the Campaign.

The present week will be one of much speaking and great personal work by both sides to the dispensary issue. On Monday night at Fourth and Harnett streets, Iredell Meares, Esq., and Rev. R. C. Beaman, of Durham, will speak in behalf of the dispensary at an open air meeting. On th same night Mr. J. W. Bailey, editor of the *Biblical Recorder*, and chairman of the State Anti-Saloon League Committee, and Rev. J. P. King, pastor of the Second Advent church of Wilmington, will speak in advocacy of the dispensary at Front and Queen streets.

Also on Monday night the anti-dispensary people will hold a rally at Fifth and Castle streets. Col. A. M. Waddell will be the chief speaker and at the meeting will return some of the darts that have been thrust at him since his address before the big meeting in the City Hall yard Friday evening. The Delgado Band will furnish music.

Col. Waddell on Tuesday night will address the voters of the First ward at Fifth and Brunswick streets. For that meeting there will also be music by the Delgado Band and other spectacular features. The dispensary people have not yet announced their plans for a rally on the eve of the great election.

The Ladies to Meet.

Chairman Grady, of the Dispensary Campaign Committee, calls a mass meeting of ladies to be held in the First Baptist church to-morrow afternoon at 5 o'clock. All ladies in Wilmington are requested to be present and lend their assistance to the dispensary cause. The executive committee of the local Anti-Saloon League will meet with the ladies, and all persons interested in the cause are invited. There will be a number of short speeches.

DR. S. B. TURRENTINE HERE.

On His Way to Wilmington District Conference at Southport This Week.

Rev. S. B. Turrentine, D. D., pastor of West Market Street Church, Greensboro, N. C., reached the city last evening en route to the District Conference at Southport, as the representative of the Greensboro Female College. Dr. Turrentine will be the guest of Rev. N. M. Watson while in the city and will preach at Grace church this morning and at Fifth Street church to-night.

The Wilmington District Conference at Southport begins Wednesday of this week and continues through Sunday. The conference is composed of 20 pastoral charges in Brunswick, Columbus, Bladen, Sampson, Duplin, New Hanover, Pender and Onslow counties, the number of churches being 90 with a membership of over eight thousand. There are 83 Sunday schools in the conference with 5,000 pupils. The number of lay delegates to the conference is 80. The opening sermon of the sessions at Southport will be preached Wednesday night at 8 P. M. by Dr. Turrentine.

Delegates reaching Wilmington on midday trains may go through same day on the steamer "Compton," which leaves Wilmington at 2:45 P. M.

WILMINGTON'S FOREIGN EXPORTS.

More Than Twice Those of Norfolk and Nine Times Those of Charleston.

A short time ago some Custom House statistics were given in these columns and a comparison of Wilmington's foreign exports for the fiscal year then ended was made with those of Charleston and Norfolk. The actual figures as to Norfolk and Charleston were not then available, and it was stated that our exports were twice those of Norfolk and four times those of Charleston. The official figures were received during the past week from the Bureau of Statistics of the Department of Commerce and Labor, and the value of foreign exports from the three ports named for the fiscal year ended July 1st are given as follows:

Charleston	$ 2,330,675
Norfolk	9,041,794
Wilmington	19,085,391

It will, therefore, be seen that our foreign exports during the last fiscal year were more than twice those of Norfolk and about nine times those of Charleston. The showing is one of which every Wilmingtonian may feel proud.

Big Excursion Yesterday.

Mr. Frank Gough brought in a big excursion from Rockingham and intermediate points yesterday, arriving at 12:20 P. M. and returning at 8:30 o'clock over the Seaboard Air Line. The train consisted of ten coaches, well filled with people, the number having been estimated at a thousand. The Woodmen of the World band, of Rockingham, accompanied the party. Mr. Gough never fails of success with his excursions and yesterday's was one of the largest and most orderly of the season.

A dip in the ocean these hot afternoons is a pleasure beyond compare—car every half hour in the afternoon.

"LAURA KATE" WON.

Great Interest in Dead-Rise Skiff Race at Wrightsville Yesterday Afternoon.

WERE TEN ENTRIES IN ALL.

"We-E-Pa" Second and "Hot Air" Third. A Series of Events Being Arranged for the Season—Awarded Handsome Prize to Winner.

The dead rise skiff race over a course in Banks' Channel, Wrightsville Beach, yesterday afternoon was a great success and much interest was manifested by a large number of enthusiastic sportsmen who lined the piers and waited patiently from start to finish. There were ten entries and the wind was almost a gale, driving the smart little boats at a lively clip. Mr. E. A. Metts was official measurer and everything was in readiness for the start at 4:30 o'clock. The judges selected were Commodore John K. Williams, of the Carolina Yacht Club; Capt. Edgar L. Hinton, Capt. A. P. Adrian and Mr. Guy A. Cardwell. Capt. J. VanB. Metts acted as official starter.

The first prize—a handsome silver-mounted pair of brushes in leather case—was won by the "Laura Kate," Capt. E. L. Burruss, while second honors were won by the "We-E.-Pa," Capt. E. Schulken. Third in the race was "Hot Air," Capt. McRee Hatch, and it is a noteworthy fact that the three fastest boats in the race belonged to members of the Atlantic Yacht Club. The race yesterday also decided the contest in the first regatta over which there was a contest. The honor went to the "Dorothy Dodd," Capt. L. Pinner. The entries and final results yesterday were as follows:

"Witch," Capt. E. L. Heinsberger; length, 14:3; start, 4:30; (capsized on first tack.)

"Sea Crest; Capt. W. W. Roberts; length, 16; start, 4:31:24; finished, 6:3:23.

"Dorothy Dodd," Capt. L. Pinner; length, 16:6; start, 4:31:69; finished, 6:3:00.

"We E-Pa," Capt. E. Schulken; length, 17:2; start, 4:31:59; finished, 5:43:5.

"Trouble," Capt. Frank Pinner; length, 17:8; start, 4:32:20; (filled with water and didn't finish.)

"Hot Air," Capt. McRee Hatch; length, 18; start, 4:32:30; finished, 5:44:35.

"Gull," Capt. J. M. Stevenson; length, 18:6; start, 4:32:52; (no finish reported).

"Star," Capt. Eugene LeGrande; length, 18:6; start, 4:33:24; finished, 6:1:33.

"Valerie," Capt. J. N. Jacobi; length, 18:9; start, 4:34:00; finished, 5:50:16.

"Laura Kate," Capt. E. L. Burruss; length, 19:2; start, 4:34:30; finished, 5:39:30.

A vast deal of interest is now being manifested in the races by the dead-rise skiff class and an interesting series of contests between the fleet at Wrightsville is being arranged to take place at stated intervals during the remainder of the season.

ACCIDENT TO MR. McKENZIE.

Capitalist Interested in Wilmington Enterprise Injured Near Fayetteville.

The Fayetteville *Observer* of yesterday afternoon has the following with reference to an accident which befel Mr. Malcolm McKenzie, of New York, who is interested in the establishment of the new wood-working plant in Wilmington, near the creosote works in the southern part of the city:

"Mr. Malcolm McKenzie, of New York, general manager of the Weed Distilling Company in Seventy-First, was brought to the Highsmith hospital last night with a broken leg.

"Mr. McKenzie was driving a spirited horse near the company's plant yesterday morning when the horse shied and threw Mr. McKenzie violently to the ground. He was bruised in several places and badly shaken up, but the most serious injury was a severe double-fracture of the right leg just above the ankle."

Stole From Shanty Car.

Green Smith, a negro, was arraigned in the Mayor's court yesterday on the double charge of larceny and carrying a concealed weapon in the form of metal knucks. He went to jail for the Superior Court in default of bond of $50 in each case. Smith entered a shanty car on the A. C. L. yards here and stole therefrom a hat, two razors, pipe, shirts, trousers and other articles belonging to Capt. C. T. Nelson, in charge of the car, and Mr. Watts, one of the foremen. The negro sold part of the articles and left others in the store of F. G. Punke, on the wharf. A brother of Smith came forward with a lady's gold watch which he said Green had sold him the night before for 20c. The watch is at the police station awaiting identification by the owner.

Arrested a Bad Negro.

Constable Savage got hold of a bad negro yesterday, who may be wanted elsewhere upon a very serious charge. He is Jackson Brown, a negro employed by the Cape Fear Lumber Co. in this city. Brown assaulted a negro named Simon Allen with a beer bottle, and Allen procured a warrant from Justice Bornemann, charging him with an assault with a deadly weapon. When Constable Savage brought him into court Allen told the authorities that Brown was wanted at Westbrook, Bladen county, for knocking a man in the head, and that he had clubbed another man in the head at Clarkton, from the effect of which the injured man had died. Brown was committed to jail in default of $300 justified bond until the Bladen authorities can be heard from.

— Mr. Ike C. Loftin, of The C. W. Polvogt Co., has returned from a two week's pleasure trip to Kenansville and Seven Springs, N. C.

— Mr. Jas. H. Taylor, Jr., and wife have returned from a very pleasant visit to relatives and friends in Charlotte, Lincolnton and Gastonia, N. C.

—The dispensary agitation was too much for the usual week-end offenders last night and sixteen arrests had been made up to 2 o'clock this morning.

— Fayetteville *Observer*: "Miss Hattie W. Taylor left to-day for Wrightsville Beach, where she will be the guest of Mrs. Thomas C. Lewis."

— Mr. and Mrs. Jno. B. Gibble, of Butte, Montana, are here on a visit to relatives. Mrs. Gibble was Miss Augusta Moore, of Wilmington, before her marriage.

— Mr. and Mrs. N. J. Thompson, of Morven; Mr. and Mrs. L. T. Townsend and Mrs. M. L. McLeod, of Lumberton, arrived yesterday to spend Sunday at the seashore.

— Mrs. Ada C. Harriss and little daughter, Bessie, of Verona, N. C., who have been visiting the family of Mr. W. H. Cox, left yesterday for Durham on a visit to the family of Mr. Ira J. Cox.

Punished Youthful Scoundrel.

The two young negroes who held up and fired upon young H. C. Bornemann on the turnpike, about a mile beyond Delgado, Friday morning, were arraigned before Justice Fowler for preliminary trial yesterday afternoon. The evidence was substantially the same as given in these columns yesterday morning, except that it was Elijah Taylor and not Walter Shaw, who had the pistol and did the shooting. The Taylor boy was held in the sum of $100 for his appearance at the Superior Court to answer the double charge of assault with a deadly weapon and carrying a concealed weapon. Shaw was dismissed. Taylor couldn't give the bond and went to jail.

Ed. Brewer Leaves Town.

Ed. Brewer, the unfortunate young white man, addicted to drink beyond reclaim, who was picked up drunk and down Friday afternoon, was before the Mayor yesterday. He begged piteously not to be sent to the roads and the Mayor saw that his physical condition was such that a sentence to the roads would be useless. He promised to leave town before sundown, if judgment upon him were suspended, and the Mayor gave him choice of leaving or going to the county jail for 30 days. The young man left in the early afternoon.

Juvenile Baseball League.

Double-headers were played by the four teams in the Juvenile City Baseball League yesterday, the A. C. L. Jrs winning two from the M. S. G. Champions, and the Financiers winning both games from the S. S. R.s. In the first named double-header the A. C. L. Jrs won by scores of 11 to 7 and 28 to 15, while the Financiers won in scores of 12 to 8 and 9 to 8.

No Rockingham Game Yesterday.

Owing to some misunderstanding, the Rockingham baseball team failed to arrive on the excursion yesterday for the game with the Cape Fear Academy in the afternoon at Hilton. The baseball enthusiasts were much disappointed that there was no game. A game with Lake Waccamaw had been cancelled to give the Rockingham team a game they asked for.

Hon. A. M. Waddell

Will address his fellow citizens at Fifth and Castle streets Monday night at half past 8 o'clock, against the establishment of a Dispensary in this city.

It is earnestly hoped that every one who is interested in the moral and material welfare of Wilmington, will avail himself of this opportunity of hearing our distinguished fellow citizen discuss a matter that affects so seriously the peace, good order, and the future prosperity of our community.

TRAVEL TO THE BEACH.

It Was Heavy Yesterday—Concerts at the Casino To-day.

Yesterday was another day of very heavy travel on the suburban car line. The large excursion from Rockingham, the skiff races, the fine surf bathing and the fact that yesterday was a half-holiday with many Wilmington business concerns, all contributed to make the conductors' reports last night show up the biggest receipts of any day this season except the fourth of July. If the weather is pleasant, to-day will be another big one for the Consolidated Company. These hot days a dip in the surf is most exhilarating and Wrightsville Beach is affording the best bathing on the coast. A new schedule went into effect yesterday by which a car leaves every half hour until 11:30 P. M., the last car leaving the beach at midnight.

This afternoon Prof. Frater's excellent orchestra will give two concerts at The Casino to which the public is most cordially invited "without money and without price." The programmes for both concerts are as follows:

AFTERNOON PROGRAMME.

March—"King Edward" ..... Sousa
Selection—"Mam'sello Napoion" ..... J. Ludus
Spanish Dance ..... Monkowsky
Overture—"Morning, Noon, Night" ..... Luppe
Waltz—"Vice De Boheme" ..... S Godfrey
"War March of the Priests from Athalie" ..... Mendelssohn
"Sybreya Scherro" ..... Collangues
Morintto solo by L. Morriss.
March—"Board Walk Parade" ..... A. Frater

EVENING PROGRAMME.

March—"Parting jr. Symphony Lesmare" ..... Raff
Overture—"Maritana" ..... Wallace
"Reve Ayres Le. Bal" ..... Ed. Roustel
"Florence Gavotte" ..... R. Thallan

Prominent Raleigh Man's Queer Case. Other State Capital News

[*Special Star Correspondence.*]

RALEIGH, N. C., July 23.—Mr. G. Rosenthal, secretary-treasurer of the Juinata cotton mills, of Alamance county, was found in an unconscious condition in his office here this afternoon and little hope is entertained for his recovery. Conditions pointed strongly to suicide but his friends resent such a charge vigorously. The office door was locked, the windows down and a gas tube was fitted over the gas light jet and run down on the desk. Several claim that when the office was opened there were strong fumes of gas. There is no known reason for suicide and the theory is not credited generally. Mr. Rosenthal is a prominent Mason, being secretary of the Oxford Orphanage Board of Trustees. His physicians to-night pronounce him out of danger.

The Elk Mountain Cotton Mill Co., of Asheville, was chartered this morning with $50,000 capital for the purpose of operating a cotton mill at that place. The incorporators include J. A. Burrough, Gay Green, Charles A. Webb, Theo. F. Davidson and W. B. Northrop.

The Bank of Gibson, Scotland county, is authorized to begin business at once with $18,000 capital. There are about a hundred subscribers to stock, notable among whom are W. B. Adams and V. C. Caldwell.

Raleigh's colored population is in a tremendous stir over the bringing of serious criminal charges against Rev. W. E. Walker, pastor of the St. Paul's African Methodist Episcopal church, one of the largest colored churches in the South. Warrants have been issued for his arrest and it is understood that he has left the city for parts unknown. He is charged with betraying the fifteen year old daughter of one of the most respected colored citizens, Maurice Watts, who was not only a member of Walker's church but was a brother Mason and Odd Fellow in the negro fraternities here. Walker is a married man with a large family.

DIED.

WRIGHT—At the home of her parents, near Wilmington, NELLIE MAYBELLE WRIGHT, infant daughter of Mr. and Mrs. W. W. Wright, aged one year and eleven months.

Funeral from residence at 12 o'clock yesterday with interment in family burying ground.

PARKER VS. ROOSEVELTISM.

We can see why a Southern man would have had some little excuse to edge over to the Republican party under the policy of the lamented McKinley, whose highest aim was to accomplish reconciliation between the sections and obliterate sectionalism of every nature. With a policy like that, McKinley moreover stood for reciprocity as a means of enlarging the commercial relations of this country with others, and at the same time equalize the tariff, correct its abuses, or judiciously lighten its burdens where they bore down upon the people.

With the broad-minded, generous spirited McKinley, endeavoring to be the President of all sections and all the people of the United States, and representing a financial policy which many Southern men approved while they could not endorse the financial propositions of their own party—we say that a Southern man might have had some measure of justification for flopping. However, just how the flopper can stay flopped, or just how any Southern man, Republican or Democrat, can vote for Roosevelt on his sectional, anti-South platform we are at a loss to comprehend.

Roosevelt with his negro plank, made President by an infamous assassin's bullet—the apostle of social equality and the evil genius of Rooseveltism—the strenuous, the blatant, the disturber of the peaceful relations of the races, the divider of the sections, the Sandy Sniffle who stirs up strife, the Mephisto who would upset social and political conditions in the South! Who with Southern blood running red in his veins could vote for Roosevelt and his evil machinations? What Southerner could stand for Roosevelt and his deviltry and all else that Rooseveltism stands for?

Judge Parker stands for all that is safe and for which every Southern man might have had a leaning toward McKinley. With a patriotism inapproachable, a character that is supurb, a record that is unassailable, Parker is wise and able. Judicially minded and judicially trained and experienced, Parker stands for constitutional government after the ideal of the founders of our republic. He stands for everything safe in contrast to Rooseveltism. He stands for the relief which the Democratic platform promises the people. He stands for the south! Read this contrast between Roosevelt's platform and Judge Parker's declaration made long before he was a Presidential probability:

We favor such Congressional action as shall determine whether by special discrimination the elective franchise in any State has been unconstitutionally limited, and, if such is the case, we demand that representation in Congress and in the Electoral College shall be proportionately reduced as directed by the Constitution of the United States.—National Republican Platform.

The Southern people, their courage and their constancy have never failed. They have changed velvet for homespun and endured the pinch of honorable poverty, and are just now beginning to reap the reward of their great sacrifices. I have implicit faith in their ability to solve rightly and righteously the difficult problems with which they are confronted, and I believe it is the duty of their countrymen at the north to permit them to solve those problems unmolested by irritating political interference from the outside.—Alton B. Parker.

Let the southern man look upon the Republican plank and upon the Parker declaration, and then lay his hand on his heart and ask himself how he should vote.

Let every man north or south who loves the republic and wishes to end sectional strife, make a conscientious choice between Rooseveltism and the judicial candidate of the Democracy.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

EMBARRASSMENT FOR ROOSEVELT.

When it comes to the South where he can't get an electoral vote, President Roosevelt looses no opportunity to give the negro cause to rubber longingly in his direction. He and Booker Washington stuck their hoofs under the same dining table and he had a negro plank laid on the Republican platform—all to catch the negro vote which holds the balance of power in several Northern States. Nevertheless the fates have brought it up to Roosevelt at this time to decide between the negro and organized white labor.

The administration has another row with organized labor in Washington. The bricklayers employed on the War College are on a strike because Captain Sewell, engineer officer in charge of the work, hired a negro bricklayer. He hired him because he was on the eligible list, prepared according to Civil Service rules. The negro had no union card, therefore the white workmen refused to work with him, telling the captain that it was in violation of their by-laws to work with a non-union man. Sewell suggested that inasmuch as he could not change the Constitution of the United States they might make an end of the difficulty by changing their by-laws. The union bricklayers say they will take the matter up with President Roosevelt, and then what?

Roosevelt butted in and arbitrated the Pennsylvania coal strike, but he got enough of it and recently refused to interfere in or arbitrate the strike of the miners in Colorado. On the eve of an election he feared that he might burn his fingers, and so he washed his hands of the arbitration business However, the strike of white workingmen employed on a government building, on account of a non-union negro laborer, puts it up to Roosevelt, for the administration has to deal with the matter. Therefore, Roosevelt can't refuse to listen to the appeal of the white workingmen, but "owing to the rush of campaign business" he can postpone his reply to them "till after the election." The vote of the white working men in the Northern States is in the mix-up with Roosevelt's negro voters, and now watch Roosevelt amble off onto the sidetrack.

JUDGE PARKER SPEAKS.

Judge Parker and the Hon. Henry G. Davis met at Rosemount last Wednesday. They had never met before, and it is a pleasure to record that the occasion was seized by Judge Parker to again break his silence.

The STAR makes room for a verbatim report of his speech. After conferring with Mr. Davis for four hours, the next President said:

"Senator Davis and I have agreed that the notifications shall take place in our respective States."

That is what Judge Parker said. That's all.

Here's hoping that Parker and Davis will meet at Washington on the 4th of next March.

We learn from the Philadelphia *Record* that George B. Cortelyou, President Roosevelt's personally selected chairman of the Republican national committee, was in Philadelphia the past week, looking for one or more experts in political finance to "fry the fat" out of the manufacturers of Philadelphia and eastern Pennsylvania. He conferred for nearly an hour with a committee of the Manufacturers' Club, in their club house. Of course, Corty knows whose bread is buttered by the protective tariff, and he was after a small portion of what the Republican party took from the people and gave the manufacturers.

The STAR ventures to predict that the side that polls 1,150 votes next Wednesday will win. Of course, the arithmetic men on each side can figure it out in a satisfactory manner.

Somewhere in the world life is at stake every minute of the day. Right at our own doors, perhaps, is going on a struggle as grim and fierce as any fight or flight on record. You hear the hollow tearing cough; see the ooze of blood which tells of the wounded lungs; mark the emaciated body and hectic cheek, and know a life is at stake.

The use of Dr. Pierce's Golden Medical Discovery has saved many a life in just such a crisis. It cures obstinate, deep-seated coughs, stops the hemorrhage, strengthens "weak" lungs, and restores the emaciated body to its normal weight and strength.

There is no alcohol in the "Discovery," and it is absolutely free from opium, cocaine, and all other narcotics.

"I desire to send you this brief, unsolicited testimonial," writes Rev. Joseph H. Fesperman, Barium Springs, Iredell Co., N. C. "In 1898 one of my daughters was suffering on account of a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs. I promptly gave her Dr. Pierce's Golden Medical Discovery with gratifying success, and she now enjoys excellent health. This experience caused me to recommend Dr. Pierce's medicines to my neighbors, who, without exception, used them with favorable results."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*, or if cloth bound volume is desired send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

A LITTLE NONSENSE.

The One Thing That Prevented the Mare From Doing It.

Not far from Willow Grove lives a young farmer whose fine stock of horses are admired by all who see them. The other day a friend, an amateur, called on him in search of "something fast."

"There," said the stock farm owner, pointing to an animal in the field; "there, sir, is a mare that could trot her mile in three minutes were it not for one thing."

"Indeed!" said the friend.

"Yes," continued Mr. S., "she was four years old last spring, is in good condition, looks well and is a first rate mare, and she could go a mile in three minutes were it not for one thing."

"What is it?" was the query.

"That mare," insisted the owner, "is in every way a good mare. I work her three or four days a week. She trots fair and square, and yet there is one thing that prevents her from going a mile in three minutes."

"What in the name of thunder is it?" cried the friend impatiently.

"Well," replied the other quietly, "the distance is too great for the time."—Philadelphia Press.

Thermit.

As wonderful, says Science Siftings, in its production of high temperatures as liquid air in its cold producing properties ranks thermit, the latest discovery. This marvelous new compound is made by combining in the proper proportions two elements most frequently occurring on the earth's surface—namely, oxygen, in the form of oxides and aluminium, the metal found in common clay. When these two substances are combined and then ignited, an enormously high temperature, equal to the intense heat of the electric arc light, is instantly produced. Alumino thermics, or alumino thermic science, is the name given to the theory as to the nature and uses of the new discovery.

Why Thunder Is So Loud.

Professor John Trowbridge of Harvard university says that some recent experiments he has made in the Jefferson physical laboratory show that "the astounding noise of a lightning discharge is largely due to the dissociation of water vapor" through the explosion of the hydrogen and oxygen gases produced by such dissociation. In his mimic lightning experiments Professor Trowbridge produced a torrent of huge electric sparks. The noise of the discharge was so great that the operator had to stop his ears with cotton and then wrap a heavy cloth around them.

Tea Farm In South Carolina.

"There is only one tea farm in the United States," said a tea dealer. "This place is in South Carolina and covers about 250 acres, fifty of which are cultivated. The plants were propagated from China and are rich and luxurious. Congress has several times made appropriations for this tea farm in an effort to preserve and cultivate the tea raising industry in this country. The only difficulty in propagating these plants is that it takes them several seasons to become fitted for the soil."—Louisville Herald.

"Of Making Many Books."

Carefully studied statistics show that upward of 10,000 new books were published in the English language last year. At least six times as many more were printed in the languages of western Europe, languages read by many English speaking people. A person who should undertake to keep up with the new books in the English, German, French and Italian languages would have to read about 200 books every day in the year.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, July 23.—The cotton market opened to-day at a decline of ten points on the old crop and of one to eight points on the new crop months in response to lower Liverpool cables than expected, further talk of short time at Manchester, and the Fall River situation in connection with generally favorable crop reports. But shorts showed a disposition to cover at the decline, there were some sign of support from recent bulls, and the market following the call ruled moderately active and firmer on covering with the old crop neglected and the new crop working about eight to eleven points net higher. After the first move of covering trading became less active and the market lost part of the gain but remained generally steady in tone.

SPIRITS TURPENTINE.

— The Seaboard Air Line is making preparations to replace the 50 pound rails with 60 pound rails on its track between Durham and Henderson. The roadbed also will be improved.

— A Parker and Glenn Club, with over 75 members, was organized Thursday night at Washington, N. C. On the same night a Vance Parker and Glenn Club was organized at Henderson, Vance county. It starts with 75 members and the purpose is to enroll every Democrat in Vance county.

— During a heavy storm late Thursday evening Mr. Murray Aycock, a farmer living near Fremont, had the misfortune to lose his barn and stables, which were struck by lightning and totally destroyed. The lightning also struck one of Mr. Aycock's horses, killing him instantly. The storm was a severe one and did considerable damage to the crops.

—A very destructive hail storm visited Goose Creek township, Union county, Thursday evening, extending also into Sandy Ridge, destroying the entire cotton crop in its path, which covered an area of about two miles wide and twelve miles long. Cotton being the principal money crop of farmers in that district, the result of the storm leaves some of them in almost destitute circumstances.

— At Raleigh on Friday a charter was issued to the Raeford Power and Manufacturing Company of Raeford, Cumberland county. The capital is $200,000 authorized and $15,000 subscribed by J. W. McLochlin, T. B. Upchurch, W. J. Upchurch and John Blue. Among the most notable powers mentioned in the articles of agreement are the development of water power and the operation of cotton mills.

—A very sensational trial took place Friday at Friendship, Duplin county, about twelve miles from Mt. Olive, before Justices Shines, Bowden and Hicks. One of the most prominent society and business men of Faison was accused by a handsome young woman of Duplin with an unmentionable crime committed near her home Thursday afternoon. The young man denied that a crime had been committed. In the investigation before the magistrates the young lady was the sole witness. The nefendant was discharged.

— At a large and enthusiastic meeting held in the opera house at Greensboro Wednesday night, a "Law and Order League" was organized. While the meeting was presided over and called by the active managers of the prohibition campaign just closed, a great many who opposed prohibition were present, and joined in the proceedings, giving voice to a desire to see the law honestly carried out. Over a thousand dollars was raised at the meeting to constitute a fund for the enforcement of law and order. The officers of the league are: President, A. W. McAllister; Vice President, J. C. Murchison; Secretary and Treasurer, T. C. Hoyle; Executive committee, C. H. Ireland, J. M. Hendrix, A. M. Scales, C. A. Bray, Wm. Love and C. W. Jennings.

— A dispatch from Durham on Friday says: Louis Ruffin, a negro, 40 years of age, was brought here from Hillsboro this afternoon for safe-keeping and to prevent lynching. He is charged with entering the home of Mrs. Katie Latta and attempting criminal assault this morning about 2 o'clock. His arrest caused much feeling, and in order to prevent lyching he was brought here by Deputy Sheriff Hughes. This morning about 2 o'clock Mrs. Latta, who lives in the heart of town, heard some one in her room. The person came to her bed and placed his hands upon her person. She thought it was her son, who walks in his sleep, and grabbed him by the hand and called him. She then found that it was a very large hand with the thumb missing. Her screams aroused her son, eighteen years old, who rushed to her room. The intruder knocked him down in making his escape. Ruffin worked for Mrs. Latta and the fact that his thumb was gone led to his arrest. He could not account for his whereabouts and it was proven that he said yesterday that he was glad some person had left the home of Mrs. Latta as the scoundrel had been in his way. Examination was waived and the prisoner rushed here for safe keeping. Ruffin is a bad character. He was but recently released from the penitentiary for shooting his brother-in-law and seriously wounding him. He has been on the road several times.

— A dispatch from Reidsville, Rockingham county, on Friday, says: Citizens of the Ashland section had a novel experience in killing a big black bear found passing across the bottoms of the Bushnell plantation, about noon, by Alfred Jones a colored tenant on the place. A number of men, notified by him, came with their dogs and their guns and soon struck the track, and several of the hunters got within close range by 2 o'clock. Five or six loads were fired into the bear before he apparently noticed any of them. Firing continued for several hours with slight effect, and several fierce fights between the dogs and the bear occurred. Late in the afternoon after considerable dodging in a thick swamp he climbed a large tree. Several shots were fired at him from below, and he went out on a limb, which was so small it broke. When he fell Mr. Ed Harrill was at at very close range and got a good aim at a point just about the heart, which ended the conflict. Mr. Summers, who sent for his wagon, carried the bear to the nearest scales and found that it weighed 267 pounds. Several days ago a report was sent out from one of the nearby counties that a bear was seen and some sportsmen were asked to go out from Greensboro and land him. It is supposed that this is the same one as no one had ever before claimed to have seen a bear in this section.

Evidence.

This happened in Scotland. The last editions of the newspapers, with the result of the great Perth walk, had been sold out, and the boys were calculating their takings. "Hullo," said Jimmy in alarm, "I'm a 'apenny short!" "Well, what's the use of 'arpin' on it?" growled Dick as he calmly cracked a nut. "You don't think I took it, do you?" "No, I don't say you 'ave," said Jimmy slowly; "I don't say you 'ave. But there it is. I'm a 'apenny short, and you're a-eating nuts, yer know!"—London News.

Literary Names.

"Yes," says the fond mamma, "I think we picked real pretty names for the twins. Pa got them out of a book. I always did like a name with a literary tone to it."

"And what do you call the little darlings?"

"Fauna and Flora. It's from a book in the library downtown that tells about 'the Fauna and Flora of the western hemisphere.'"—Judge.

His Curiosity.

"There's one thing I'd like to know," said the Russian general indignantly.

"What is it?" inquired the trembling inferior.

"Who started that story about the Japanese being the most polite and deferential people in the world?"—Washington Star.

A Boston Type.

Bent — Did Stiggins have anything of importance to say when you met him this morning?

Trent—Something that seemed of vital importance to him. He kept me on a corner half an hour telling me about a dream he had the night before.—Boston Transcript.

Passive Christianity.

"Little boy," inquired the minister, who had called to see the man of the house, "is your father a Christian?"

"Yes," replied the boy, "I think he is, but I don't believe he is working at it these days."—Lippincott's Magazine.

Had to Live High.

The Cop—By Jove! The folks here live pretty high, don't they?

The Cook—Oh, yes! I gave them to understand that they'd have to if they wanted to keep me.—Brooklyn Life.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick, of Colusa, Cal., writes: "For fifteen years I endured insufferable pain from rheumatism and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." It's just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by R. R. BELLAMY, druggist.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. WILMINGTON, N. C.

SUNDAY MORNING JULY 24

MRS. FLORENCE MAYBRICK

Still in Seclusion at Home of Her Mother in Rouen, France, and Not Likely to Leave There for Several Days.

By Cable to the Morning Star.

ROUEN, FRANCE, July 23.—Notwithstanding the reports that Mrs. Maybrick had gone to Paris prior to sailing for America, there is every indication that she is still here with her mother, Baroness de Roques, at the quiet little cottage No. 1, Rue de Tannery. The place has taken on an aspect of extreme seclusion since Mrs. Maybrick's arrival. The venetian blinds are drawn and the gate to the vine-covered high stone wall surrounding the house is rigorously guarded against visitors by a venerable servant. But those having relations with the household say that neither the mother nor the daughter have left the house since they arrived on Thursday morning. They say Mrs. Maybrick wishes to spend some days in repose at Rouen and that neither is likely to leave for several days. In the meantime they wish to remain in seclusion to avoid notoriety. Therefore all inquiries are met with the response that no one is at home and that the mistress has been gone a week.

When Mrs. Maybrick arrived she brought two large valises and a well filled wicker hamper. A neighbor who saw her arrive describes her as looking fairly well, with her hair turning grey.

The family has few friends in Rouen, as the Baroness has maintained strict privacy, being generally known as Madame de Moremont for the purpose of avoiding attention. Almost her only intimate acquaintance is her financial adviser who occupies an official position, but he is unacquainted with the recent movements at the family cottage.

THE DEMOCRATIC CANDIDATES

Judge Parker Has Fixed August 10th as Date for His Notification, at Rosemount—Senator Davis' Plans.

By Telegraph to the Morning Star.

ESOPUS, N. Y., July 23.—Judge Parker has fixed August 10 as the date for the ceremonies notifying him of his nomination by the Democratic National Convention as candidate for the Presidency. Judge Parker reached his decision concerning the date in a long consultation with William F. Sheehan yesterday and a telegram was at once sent to Champ Clark, of Missouri, chairman of the committee named by the Democratic National Convention to notify the nominee for President.

Representative Clark is expected to call a meeting of his committee, probably in New York, and he may also come to Rosemount to talk over the arrangements with Judge Parker, although no plan for such a conference has yet been made.

The programme for the ceremonies at Rosemount on August 10th will follow precedents laid down for similar events. It is not expected that Judge Parker will talk at length nor that he will discuss intimately any of the campaign issues, but will leave this to the letter of acceptance which will be issued a week or two later.

BEDFORD SPRINGS, VA., July 23.—Hon. Henry G. Davis, Democratic candidate for vice president, has decided to have the notification meeting at White Sulphur Springs, West Virginia. The date has not been fixed, but it will be about the middle of August.

CRAZED BY JEALOSY.

Farmer in Princess Anne County, Va., Brutally Murdered His Wife.

By Telegraph to the Morning Star.

NORFOLK, VA., July 23.—Frank Satterthite, a Princess Ann county farmer, crazed by jealousy, attacked his wife with a monkey wrench last night and battered her skull into a pulp. After committing the brutal murder Satterthite picked up their two-year old baby from its cradle and fled. He carried the child several hundred yards and threw it into a neighbor's yard. The police authorities of numerous cities have been asked to arrest the fugitive. At last reports he was still at large.

Judge Henry at Rome, Ga., sentenced Bob Souther and Courtney Baker, both negroes, to be hanged August 18th. The former killed two negroes and the latter his wife. Jack Bone will be hanged in Macon August 17th.

SIX ROUND BOUT IN PHILADELPHIA.

Fitzsimmons and O'Brien Fought at the Baseball Grounds Before 6,000 People.

WAS HOT WHILE IT LASTED.

No Decision Rendered Under the Law. Both Men Bleeding Profusely at the Close of the Bout—Many Women Among Spectators.

By Telegraph to the Morning Star.

PHILADELPHIA, PA., July 23.—Jack O'Brien and Bob Fitzsimmons to-day fought the fastest six round bout ever witnessed in this city between men of their weight.

Round 1. Fitzsimmons led with his left, but missed and as O'Brien ducked he landed a right on the neck. O'Brien landed a light left on Fitzsimmons' face and the men clinched. Fitzsimmons landed a light right on O'Brien's wind and the latter drew the blood from Fitzsimmons' mouth. Jack again landed a left to Fitz's nose and got away without a return. O'Brien then knocked the skin off Fitzsimmons' nose with a light upper cut and drew the blood in a stream from his mouth. Fitzsimmons missed a ferocious right, and O'Brien in attempting to get away fell to the floor. O'Brien had all the best of the round.

Round 2. Both feinted and Fitzsimmons missed two lefts, but landed a third on O'Brien's jaw, and as the latter rushed in Fitzsimmons drove his right to stomach. O'Brien landed a hard right and left to Fitzsimmons' jaw, bringing the blood again. Fitzsimmons was unable to land with success on O'Brien up to this time. O'Brien cut Fitzsimmons' left eye with a short right and a moment later caught him full in the mouth. O'Brien's foot work was marvellous and Fitzsimmons was badly winded. Bob landed a hard right to the stomach as the bell sounded, which was the most damaging blow that O'Brien had yet received.

Round 3. The men danced about the ring and then Fitzsimmons missed a hard right for the jaw. He landed a light left on O'Brien's stomach and the latter drove a straight left to Fitz's mouth, again starting the blood. Fitzsimmons landed a hard left on O'Brien's wind which made the latter flinch. O'Brien missed a left to the face and the men clinched. Fitzsimmons tried a right for the wind, but was short, and O'Brien countered with a hard right to the face. In an exchange of blows Bob landed a hard left on O'Brien's chin, and Jack brought his left flush on Fitzsimmons' jaw. The men were clinched at the bell.

Round 4. O'Brien was the first to lead, but missed a left for Fitzsimmons. Bob led with his left and the men clinched. Fitzsimmons tried a hard right and as he came in O'Brien uppercut him a left. O'Brien then landed three blows without a return. Fitzsimmons landed a right on Jack's wind and the latter ran away. A left to the face again started the blood from Fitzsimmons' mouth. Jack landed a light left on the damaged mouth and the referee had to separate them. Fitzsimmons missed a left for the face and O'Brien landed a hard left uppercut. Fitzsimmons' brought the blood from O'Brien's mouth with a straight cut, but missed a hard right as the men were sent to their corners.

Round 5. Fitzsimmons missed a left for the face and O'Brien countered with a right to the jaw. Fitzsimmons missed another left and the men had to be separated by the referee. O'Brien landed a light one and Fitzsimmons drove a hard one to O'Brien's wind, repeating the blow a second later. O'Brien sent a light right to the face and as the men came together O'Brien drove a hard right to Fitzsimmons' wind. They were sparring for wind. Fitzsimmons landed a light blow on O'Brien's wind and then sent a left to the jaw and a right on the wind, which caused O'Brien to slip to the floor. As O'Brien got to his feet the gong sounded.

Round 6. Fitzsimmons led with a left but missed. He landed the same blow a second later and then drove a left to the wind which took some of the steam out of O'Brien. Fitzsimmons opened a cut over Jack's left eye, and then drove his right to the wind. O'Brien landed right and left to the face, but his blows lacked power. Fitzsimmons landed a right to the jaw and O'Brien countered with a left to Fitzsimmons' damaged mouth. Both men were bleeding profusely. O'Brien slipped to the floor in attempting to get away from Fitzsimmons' right. Fitzsimmons landed a light left to the wind and Jack countered with a left to the mouth. The men were clinched as the gong sounded. As the men walked to their corners O'Brien's left eye had a nasty gash over it and Fitzsimmons' left eye was almost closed. While Fitzsimmons sat in his corner, his wife, who had been watching the fight from the ringside, walked up the steps and planted a kiss upon her husband's swollen lips.

When the gong announced the close of the fight, both men were on their feet but both bore the marks of the gruelling fight they had just gone through. Fitzsimmons' lips were twice their normal size and his left eye was also cut and swollen.

While O'Brien landed the greater number of blows they did not do so much damage as those landed by Fitzsimmons and the latter was fresher at the close of the fight. There was not a clean knock down during the bout, but three times OBrien went to the floor, twice in endeavoring to get away from Fitzsimmons and the third time partly from Fitzsimmons' right which landed on O'Brien's neck, and partly through the latter's feet getting tangled. The fight was held on the National League baseball grounds, the ring being pitched directly between the pitcher's box and the grand stand, immediately over the home plate. It was the first open air contest ever given in this city and the novelty of the affair drew a crowd of about 6,000 persons.

FALL RIVER MILLS.

Manufacturers Refuse to Postpone Cut in Wages—Operatives Strike Monday.

By Telegraph to the Morning Star.

FALL RIVER, MASS., July 23.—The cotton manufacturers to-day unanimously voted to refuse the request for a postponement for two weeks of the cut-down of 12½ per cent. in wages. This means that the operatives will strike Monday morning.

The action of the manufacturers was made known promptly to the union officials and a general strike order was at once issued by the executive committee of the Textile Council. It requests that all members of the spinners, carders, loom fixers, weavers and slasher tenders unions stay away from the mills on Monday and remain away until a satisfactory settlement is reached.

RENEWAL OF THE BUTCHERS' STRIKE.

Ultimatum Sent to Packers—Unless Settlement is Made in Meantime a General Walkout Will be Ordered.

By Telegraph to the Morning Star.

CHICAGO, July 23.—Attempts to settle the second strike of the packing trades failed to-day, and to-night the Butchers' Union and allied organizations, after a long conference, sent an ultimatum to the representatives of the packers demanding a settlement of the strike before Monday morning, on penalty of a general walk-out of all union employes at work in the stock yards at 7 o'clock Monday morning.

The conference between all representatives of the allied trades and the packers and butchers, which adjourned last night after failing to reach an agreement, was resumed early this morning. At noon the conferees gave up hope of reaching an understanding and the deliberations were brought to an abrupt ending, after the packers had expressed a desire to live up to the terms of the arbitration agreement reached last Wednesday, any wrongs that might have been committed by their foremen and superintendents and had announced to the union men the name of Samuel McLean of the National Packing Company, to represent them on the arbitration board provided for in the agreement which settled the original strike.

The union men refused positively to consider that agreement valid, on the ground that it had been broken by the packers. They then retired to the office of the Federation of Labor, where an ultimatum to the packers was prepared. The ultimatum charges violation of the agreement by the packers and declares that agreement null and void.

The reply of the packers to the ultimatum of the allied trades was delivered late to-night. It denies that there has been any violation of the agreement and says any deviation from it might have been readily adjusted.

The packers call attention to the agreement with their employes, including the mechanical and allied trades and say they stand ready to carry it out.

Preparations For a Long Struggle.

At the stock yards to-night the packers are making preparations for a long struggle. As soon as all peace negotiations were declared futile all the heads of the different departments in the various plants were notified to hire all the workmen they could possibly obtain. From the progress that had been made up to a late hour to-night the indications are that fully 2,000 new men will have been engaged by to-morrow night. It is the intention of the packers to house these men inside the plants. Warehouses are being filled with permanent bunks and kitchens to accommodate a total of 5,500 men, who it is claimed by the packers will be inside the plants Monday morning.

The strikers met at their various union headquarters during the afternoon and night and listened to addresses by their leaders in which the general strike which seems already a fixed programme for Monday, was the only subject discussed.

Police Precautions.

Chief of Police O'Neill has sent calls for men from every precinct in Chicago to report at the stock yards station to-morrow to get acquainted with the surroundings.

Chief O'Neill said to-night that the whole police force would be at the call of the stock yards district Monday and that peace would be maintained at any price.

Although the strikers were greatly excited over the unsuccessful efforts to settle the strike, there was little violence throughout the district.

THE BREESE TRIAL GOES ON.

Will Probably Continue Another Week Defendant Still on Witness Stand. Other Witnesses Testify.

By Telegraph to the Morning Star.

CHARLOTTE, N. C., July 23.—To-day marked the close of the second week of the Breese embezzlement trial, one of the most interesting and important actions ever brought in the Federal courts in this or any other State.

A great mass of testimony has been introduced and the indications are that at least one more week will be required in bringing the case to a close. William E. Breese, the defendant, has been on the stand the greater part of the time since Wednesday at noon, and it is probable that his direct testimony will not be finished before the adjournment of court Monday afternoon. The district attorney will have him under cross-examination for a day and perhaps longer.

The defendant was taken off the stand this morning to permit several witnesses who were anxious to return home to testify. Four witnesses testified to the character of Breese and the government introduced a witness to testify concerning a note which the First National Bank at Asheville had discounted in Charleston shortly before the failure.

Breese resumed his direct testimony. He took up the discount ledger, a book of which S. T. Dorsett testified at length and explained to the jury the method of keeping the book and why it was kept.

Considerable time was consumed in the examination in reference to the letters Breese had written other banks concerning notes signed by insolvent persons. The witness said he considered the notes good by reason of the fact that they were endorsed by J. E. Dickerson & Company, the First National Bank of Asheville, and other firms and corporations. He had no intention to deceive when he wrote banks which had re-discounted the notes.

Touching the failure of the First National Bank to remit checks for drafts that had been collected for other banks, Major Breese said they were signed and held back for the simple reason that it was impossible to send them off. It had been necessary to withdraw the money from the banks upon which the checks were drawn, and as money was being withdrawn from the First National Bank faster than it was being deposited, it was impossible to re-place the funds. The witness was striving to carry the bank along and still hoped to be able to avert the threatened panic. As it turned out, the depositors at home got the benefit of this action and the creditor banks in the North lost.

The witness averred that he received no personal benefit from any of the money that was withdrawn from the bank, the checks that were charged against his account having been drawn to pay various bills. His overdrafts were for the purpose of making good the interest and renewals of notes.

MORE CAPTURES IN THE RED SEA.

Two British Ships and a German Steamer Seized by Russian Volunteer Cruisers.

RUSSIA HAS ISSUED ORDERS

That No More Merchantmen Shall be Stopped in the Red Sea—British Raise Question of Status of Russian Cruisers.

By Cable to the Morning Star.

LONDON, July 23, 1:46 P.M.—Count Benckendorff, the Russian ambassador, has received official notification from St. Petersburg reporting the capture of two more British ships in the Red Sea and instructions from his government to notify Great Britain that the same procedure will be followed as in the case of the Malacca; namely, the vessels will be taken to a neutral port for examination by the consuls of the two nations concerned.

The effect of the additional seizures upon the British government has been to intensify its determination to settle the status of the volunteer fleet vessels. It is understood that the dispatch of the British cruiser Venus to the Red Sea and a number of torpedo boats to Port Said, is an earnest of the government's intention to protect British commerce. No warlike instructions have been given the commanders, but the Venus will closely watch the procedure of the volunteer fleet vessels. Some diplomatic circles regard this as being in the nature of a threat to Russia, but the Russian diplomats in London express no concern.

Russia Issues Orders.

ST. PETERSBURG, July 23, 3:45 P. M.—The Associated Press is able to announce that Russia has notified Great Britain that orders have been issued to the Russian cruisers in the Red Sea not to arrest any more merchantmen, and it has been agreed between the two powers that if pending the receipt of these orders by the captains of the St. Petersburg and the Smolensk any other ships should be stopped and held as prizes these acts shall be regarded as not having taken place and the ships concerned at once released.

Although it was authoritatively stated yesterday that the Malacca had already reached Suda Bay, it now transpires that when the Malacca sailed from Port Said she was bound for Algiers. Unless orders are delivered to her on the way she will find upon arrival there an order to proceed immediately to Suda Bay, where, under the agreement reached between Great Britain and Russia, an examination of her cargo will be made by the Russian and the British consuls.

The apparent delay in the delivery of the orders to the captains of the St. Petersburg and the Smolensk explains the seizure of the Scandia and the Ardov.

Great Britain having formally raised the question of the status of the St. Petersburg and the Smolensk, the foreign office has cabled a meeting of leading officials of the admiralty to consider the subject. This conference is now in progress. The decision will be submitted to the Emperor for ratification.

German Steamer Seized.

SUEZ, July 23—The steamer Scandia, in charge of a Russian prize crew, has entered the canal.

HAMBURG, July 23.—The officials of the Hamburg-American Line declare that the seizure of their steamer Scandia by the Russians is inexplicable. The company has made the following statement:

"The capture of the Scandia appears to be inexplicable. Her manifests show that no war material in any form for Japan was on board. The Hamburg-American Company at the beginning of the war instructed its representatives to make it their special duty not to accept contraband for transmission.

"The Hamburg-American Company has asked the foreign office to initiate the steps necessary to clear up this disagreeable incident."

BERLIN, July 23.—The foreign office is without official information of the seizure of the Scandia, the only telegram received up to the present time being a telegram from the Hamburg-American Company stating the facts and appealing for assistance. The foreign office thereupon cabled to the German consul at Port Said for an authentic version of the capture and is awaiting his answer before making representations at St. Petersburg. The officials discuss the case with an evident attempt to keep cool, but they betray deep-seated indignation at Russia's course. Germany has no warships in the Red Sea, and the question of sending vessels there has not yet been considered, but the officials plainly intimate that this question must arise unless Russia speedily orders the captains of her volunteer fleet steamers to cease molesting German shipping.

The officials refer to the energetic language of the German press as fully justifiable. The seizure of the Scandia is regarded as being so excessively unreasonable that the government officials try to assume that the captain of the Russian ship exceeded his instructions and that Russia will make speedy amends.

More Russian Cruisers.

HAMBURG, July 23.—It is said that the North German Lloyd steamer Kaiserin Maria Theresa and four Hamburg-American liners recently purchased by Russia have left Libau, on the Baltic, under sealed orders, fully armed and equipped as cruisers.

THREE MEN SHOT.

One Killed, Another May Die and the Third Slightly Wounded in a Row on Third Avenue, New York.

By Telegraph to the Morning Star.

NEW YORK, July 23.—One man is dead, another may die and a third man has a slight bullet wound as a result of a row over a woman in Third avenue early to-day. Herman Miller, who is under arrest, according to the police has confessed that he shot the men to avenge an insult to his woman companion, Mary Whalen, who is held by the police as a witness. The dead man is John Martin, a driver. Dennis Healy, a blacksmith, and Frank O'Brien, who were wounded, are at the hospital. All the parties to the affair were residents of the upper East side. According to the story told the police the Whalen woman encountered Martin, Healy, O'Brien and a man named Kempsey near 18th street early to-day and after passing a few words with them, Miller appeared suddenly and began firing with a revolver. Three of the four men fell. Miller told the police the woman told him that four men had insulted her and struck her over the head with a beer can. He went out to avenge her and finding the four men he says he "pumped them full of lead."

LETTER FROM CARL SCHURZ

Received by Judge Parker and Gave Great Satisfaction—Gives Hearty Endorsement of Democratic Nominees.

By Telegraph to the Morning Star.

ESOPUS, N. Y., July 23.—A letter giving great satisfaction at Rosemount has been received by Judge Parker from Carl Schurz. It is as follows:

"Not as a party man, but as an independent, I feel bound to express to you my sincere respect. The principles and opinions you are known to hold as to the currency, imperialism, the tariff and the civil service strongly commend themselves to men of my way of thinking. But if as an independent I ever was doubting for what candidate my duty commanded me to vote, your action on the terms of your nomination has completely solved that doubt. It has rendered to the republic a double service of incalculable value. No man can honestly deny that it has demolished the last pretext for still treating the gold question as a live issue of party controversy, and that it has thus relieved the business community of an element of peculiarly unhealthy agitation and dangerous uncertainty. This is so evident that any attempt to continue that agitation, artificially for mere party advantage, must be condemned by every good citizen as absolutely wicked, indeed, as little less than criminal.

"And, secondly, your manly declaration that you would accept the offered nomination for the Presidency only if the offer came in harmony with your sense of public duty, has set before the American people one of those noble standards of moral courage and civic virtue of which our public life stands so much in need. The higher you lift that standard the higher you will rise in the esteem and confidence of your countrymen, and the more surely they will hold you worthy of their highest trust."

ITALIAN BARQUE IN DISTRESS

Pitiable Story of Suffering and Death at Sea—A Sick and Helpless Crew.

By Telegraph to the Morning Star.

NEW YORK, July 23.—A pitiable story of suffering and death at sea, of a ship without a navigating officer, and with a half-starved crew who had neither food nor water when help came, was brought here to day by the officers of the Hamburg-American line steamer Tenedos, which arrived from the Levant.

When the Tenedos was north of Maderia Islands on July 8 she sighted a sailing vessel showing signals of distress and a short time later came up with the Italian bark San Pietro, bound from Montevideo for Genoa with a cargo of guano. When an officer from the steamer was sent on board the bark a most deplorable condition was found to exist. A half-starved, thoroughly exhausted crew stood helplessly about the deck. The captain had died and had been buried at sea, and the mate, the only other person on the ship with any knowledge of navigation, was lying at the point of death in the cabin. The store of provisions and water had been completely exhausted.

In this hopeless condition, after the crew had worn themselves out attempting to work the ship, with no knowledge of where they were, the signal of distress had been set. Hope had been nearly abandoned when the Tenedos hove in sight. After the sick mate had been attended by the Tenedos' surgeon, a plentiful supply of provisions and water was put on board the distressed bark, and the steamer's first officer and an able seaman were detailed to assist in taking her to her destination.

NIGHT ATTACK BY RUSSIANS.

Japanese Made a Counter Attack and Drove Their Assailants Back with Heavy Loss.

By Cable to the Morning Star

ST. PETERSBURG, July 24, 4 A.M.—A badly mutilated dispatch from Tatchekiao, dated July 20, which has been received here, indicates that an engagement of some importance has occurred on the sea coast road between Kiachou and Yinkow. The dispatch states that the Russians made a night attack on a fortified Japanese camp at Sangoss, on the sea coast north of Kai Chou. They got within close range and opened fire on the camp before they were discovered and forced the retirement of the Japanese toward Kiachou.

Here a portion of the dispatch is missing. Apparently the attackers were enveloped by a counter Japanese movement and the Russian detachment was in danger of being cut off and annihilated.

The message continues by saying that when the Russians had given themselves up for lost, a welcome diversion was created in the rear by Captain Rotovski, in command of three companies of Russian troops, who threw his force into the fight. Cossack companies also came up in a gallop.

Here comes another mutilation. The message says the next day the Russians abandoned their position, leaving the bodies of fifteen Japanese.

TWO WHITE MEN KILLED

And a Third Mortally Wounded by a Negro Near Waynesboro, Ga.

By Telegraph to the Morning Star.

AUGUSTA, GA., July 23.—Phone messages to the Chronicle say that at Alexander, ten miles from Waynesboro, Ga., this afternoon, Sampson Flournoy, a negro, using a double-barrelled shot-gun, fired upon a party of four fishermen, all white, killing James Minor, aged 26, married, and Evans Tomlins, aged 24, and mortally wounded Edward Minor, aged 23, married. The negro escaped. Bloodhounds are on his track. He had a quarrel over a trivial matter with one of the party, went away, procured the gun and returning fired without warning. At a nearby farm house he stole a mule on which he escaped.

TAMMANY HALL.

Direct Conference Between Judge Parker and Murphy to Settle Differences.

By Telegraph to the Morning Star.

NEW YORK, July 23.—Friends of Charles F. Murphy, the Tammany leader, say that the political understanding to be brought about between Tammany Hall and Judge Parker will be through a direct conference between the Judge and Mr Murphy. There will be no dealing with any of the men who have been representing Judge Parker's interests before and since the national convention. The recognition which the Tammany organization is to have in the coming State convention or in the selection of a candidate for governor will be settled, it is said, by Messrs. Parker and Murphy personally and not by representatives of these men. The Tammany leaders recognize in Judge Parker as good a politician as any of his friends, and the belief is expressed that an amicable understanding will be reached when the Judge and the Tammany leader confer, and that the programme agreed upon will be for the best interests of the party in the State.

WHITE SCHOOL SUPERINTENDENT.

One Given Charge of Four Colored Normal Colleges in North Carolina.

[*Special Star Telegram.*]

RALEIGH, N.C., July 23.—The State Board of Education has decided to put a white superintendent over the four negro State Normal schools at Fayetteville, Elizabeth City, Franklinton and Winston-Salem and has appointed Prof. Charles L. Coon, formerly superintendent of the Salisbury public schools, to that position. They declare their purpose to be to better direct the normals in training their teachers and bring them into a uniform system. It is declared that the normals must be made more effective or be abolished altogether.
